

**Cutty Sark 18 year old** 

**43%**

Cutty Sark lost its way in recent years; expect that to change soon. Its owners have plans to return it to glory (and to include a 30 year old among its expressions — you read it here first). For the time being — if you can find it — this 18 year old is a sublime mix of soft plum and peach, sweet, pure grain, easy-drinking vanilla, and a deft oakiness all delivered in gentle and harmonious fashion. Masterful blending.
