

Mackmyra Moments — Drived

55.5%

Early bottlings of Mackmyra were a challenge — salty peat, intense woodiness, and unusual juniper-influenced spices made the whisky an acquired taste. Over time though, sweet fruit brought more balance and the whiskies have bloomed. This special bottling — one of four in the Moments series — recalls those roots but delivers a meaty, spicy, and earthy flavor with melt in the mouth syrup.

Imagine honey poured on a heavily peppered well-done steak. €141 (Currently not available in the U.S.)

—Vol. 20, #3
