

Master of Malt
Speyside Single Malt 30
year old
40%

Master of Malt is an online whisky retailer, branching out with its own bottlings. This, from an unnamed distillery, is lightly honeyed with some quince, apricot, and yellow plum, while there's a mix of vanillin and dry bracken/grass behind. Light, clean, and balanced, the palate is refined and relaxed with Demerara-like sweetness and a finish of honey-coated nuts. I wanted more oomph on the palate, which might have come at 43% or 46%. £100
