This bottling of Tullibardine was distilled in November 1989 and has been matured in a refill sherry butt. The U.S. allocation is 120 bottles. Initially, damp earth on the nose, sweetening to milk chocolate-covered fudge and vanilla, along with hazelnuts. Notes of plum and black pepper with time. The palate is fruity, with toffee, spice, and cedar wood notes. Long in the finish, with cereal and spicy resin.

—Vol. 20, #4
