

**Delaware Phoenix  
Bourbon**

**50%**

Hot corn, vanilla, mint, and just a touch of oak spice; this one's been in the barrel under 12 months. Who, it's hot, even for 100 proof. All the right parts are here: corn, vanilla, wood, even some mint, and no serious off-flavors, but it's a rough road. Definitely needs some more time in the barrel, but that should do it some good. Gutsy stuff. Price is per 375ml.
