

Johnnie Walker Gold

18 year old, 40%

An example that older, more expensive isn't always better, this

18 year old gem is as good as many blends twice its price. The foundation of Johnnie Walker Gold is delicate, clean, and honeyed, along with a fresh sea character (from Clynelish?) that provides a youthful zing. Notes of vanilla, shortbread, tropical fruit, freshly cut hay, marshmallow, and even a hit of peat, round out the palate. Its finish is subtly complex and nicely balanced. The blend has improved nicely over the past several years.

—Vol. 15, #2
