

Mischief Whiskey

45%

This is 8 year old 100% rye Canadian whiskey that Fremont Mischief distillery imports and bottles. Congratulations are due: the rye spice-vanilla aromas are strongly similar to their younger, own-make whiskey reviewed below. The extra age shows: this is Canadian-mellow, not a fiery American rye, even at 45%. All the spice is there, and the floral/grassy complexity, but there are more rich oak notes, and a high, arching finish that sustains the whiskey on the palate.
