

**Mackmyra Special
Number 07**

45.8%

The Mackmyra success story just goes on and on. There have now been more Specials than bottlings of Privus or Preludium, and the whisky makers seem to have hit upon a trademark taste that they tweak with each bottling. It's a mix of salt, pepper, citrus, and vanilla, and here the vanilla is at its most subdued and the salt is at its highest. That makes this challenging to anyone unfamiliar with the Mackmyra brand.
