

**Cragganmore Distillers**  
**Edition 1997**

43%

Cragganmore is a deep malt but its richness is often obscured by its fruity sweetness. A period in port pipes allows this element to be amplified. The black currant is now fully fruited and acts as a flavor bridge while the meatiness that sits underneath and often unseen is revealed. Think cherry pipe tobacco, clove, and dark fruits. Sweet, but not too sweet, and always identifiably Cragganmore. For me, the pick of the bunch.

—Vol. 21, #2
