

Royal Lochnagar
Distillers Edition 1998
40%

One of the newest of the Distillers Edition family. Here, Royal Lochnagar has been given its secondary resting period in Muscat casks. That nodule of sweetness in the 12 year old has been picked up and extended into a more perfumed world; think blueberry muffin and boysenberry jam. The slight sour/bitter note is a positive, but I think in this case that the finish dominates proceedings and needs to be scaled down a little.
