

Writers Tears Cask Strength Pot Still

53%

Well, the name's spot on because at that price it definitely brought tears to this writer's eyes. What a shame, because the liquid is eye-watering, too, a stunning big bruiser of a whiskey that coats the mouth as berry and green fruits battle it out with oak, spice, and grain oils — the whiskey equivalent to one of singer Sinead O'Connor's rants — powerful, impressive, a little bitter and twisted, utterly unforgettable, and unmistakably Irish. €135
