

Southern Coast Single Malt Cask 4

46%

Southern Coast Distillers is part of a new wave of distillers in Victoria, South Australia, and unlike many fledgling distilleries who bottle too early and learn their trade in public view, with blemished, linseed-sappy malt, this distillery has hit the ground running and is already making fabulous whisky. There isn't an off note here, and it combines lemon sherbet bonbons, honeyed vanilla, bitter dark chocolate, licorice, and some pepper. Delightful. A\$110
