

Southern Coast Single Malt Cask 3

46%

What a difference a cask makes, say Southern Distillers, and they're not kidding. Just five casks have been made available so far, each one hand-crafted in traditional fashion by people who know what they're doing, and each one pushing out the envelope. This is the nuttiest and dustiest of the five and it wears its youth on its sleeve, but there are no feints and the whisky marks a step up in quality, with date, walnut, and golden syrup in the mix. A\$110

—Vol. 21, #2
