

Clan Denny Islay

46%

It's not made clear which Islay malts are included in this blended malt, but whoever's responsible for this has brought the big guns.

This successfully pulls off an intense one-two, with hard hitting Islay peat and brine on the one hand, and some rich sweetness on the other, making for a mouth-coatingly rich and intense whisky. The malts pack down together like a rugby scrum and combine with impressive intensity. €36
