

**Midleton 175th  
Anniversary Bottling 26  
year old  
40%**

Deep amber color with shade of ruby. Sweet aromas of ripe fruit, oak, caramelized sugar, rum, and creamy vanilla. Full in body for an Irish whiskey, with a silky, creamy texture. Voluptuous flavors of burnt sugar, rum, honeyed fruit, creamy vanilla, and spice cake. Here's a whiskey the blends the old with the new. The whiskey was distilled at the old Midleton distillery, which has been dismantled. After spending most of its life in sherry and bourbon casks, it was then finished off in port pipes. It maintains its Irishness, its pot still character is both satisfying and reassuring, and the port pipe aging introduces flavors that make the whiskey very intriguing. An outstanding product! Around 400 bottles for the United States.
