

### Judd's Wrecking Ball

40%

Rich, full, and clean cornbread nose with just a hint of herbal zip; not what I expected at all from a white whiskey with a jokey name and label. Light, vaporous corn glides over the tongue with a hint of fresh grass, easing off the palate to an airy corn finish; a lingering thought of corn. Corn eau de vie, with an accomplished touch on the still; very impressive.
