

Troy and Sons Small Batch Moonshine

40%

Distilled from an almost extinct strain of heirloom corn (Crooked Creek), this is a fully aromatic white whiskey: fresh white corn, crisp apple, and pear float high over the liquid. A soft mouth—not overly hot—brings the fruit, but the corn is a solid underpinning.

There's a dry, almost mineral component to the finish. No flaws, interesting flavors, and nicely integrated for an unaged spirit.

—Vol. 21, #3
