

**Colonel E.H. Taylor Jr.**   
**Straight Rye**

**50%**

Very different than other straight rye whiskeys you might be familiar with: there's no corn in the recipe, just a large percentage of rye and a small amount of malted barley.

It's youthful, with spice as the defining character (cinnamon, mint, allspice, freshly ground pepper), balanced by blackberry preserve, caramel, butterscotch, and a hint of cotton candy.

Lingering dried spice and polished oak on the finish provide balance to the sweeter notes.
