

**Angel's Envy Cask
Strength (2012
Release)**

61.85%

A limited-edition (600 bottles), cask strength version of Angel's Envy. More alcohol and more portwood influence than that standard release. Rich and lush in texture, with a sweet personality. Notes of ripe berried fruit, maple syrup, honeyed tangerine, vanilla, and background spice. Distinctive, with a soothing, velvety finish. I'd prefer less port influence, more aligned with the standard release, but it's still a very enjoyable bourbon. Best after dinner, with a cigar.

—Vol. 22, #1
