

**Garrison Brothers
Texas Bourbon Fall
2012 Release**

47%

A 2 year old bourbon made from Texas-grown white corn. It sports a dusty nose full of dry corn and oaky spice. The whiskey is big-boned, juicy and sweet, but with a bitter streak of wood running through it. The finish confirms the youth of the whiskey as it flames in a long, hot wind-up. Some very interesting components here, waiting for better integration.

—Vol. 22, #1
