

Alberta Premium Dark Horse

45%

For six decades, Alberta Premium has been one of Canada's favorite economy-brand mixers. Floral, herbal, and fruity, with charcoal and wet slate, this new addition to the lineup is clearly meant for connoisseurs. While the original is made entirely from rye grain, Dark Horse beefs up the flavor and body with a dollop of corn whisky and a sherry finish, creating a vanilla-rich symphony of pepper, hot ginger, pickle juice, and crisp, clean oak.
