

Wiser's Legacy

45%

Winemakers have long known that toasted oak is very spicy. Today's whisky makers are slowly catching on. Cinnamon hearts and hot peppermint add zing to a rich and creamy mouthfeel. Although the whisky is not overly sweet, it has a candied feel. Cloves and hot pepper round out the spices while vanilla and butterscotch lend smoothness as they keep earthy, flinty rye notes under control. Essences of cedar cigar box and black, withered figs contribute additional complexity. C\$50
