

Wild Geese Classic Blend

43%

The Wild Geese whiskeys offer much, but seem to lack the conviction to strike out and be bold. Ironically, though this is the one you'd expect to play safest of all, in fact, it's the most interesting of the bunch. There are trademark apple notes, but it flip-flops appealingly. It has a creamy and toffee-ish heart, is full, soft, and sweet, and has some orange fruit, apricot, and peach notes. Not unlike a classy Canadian whisky.
