

Millstone Rye 100

50%

From the distillery that received last year's World Whisky award comes another contender for the title in 2013. This is called 100 because it's 100 percent rye distilled in pot stills, 100 proof, and 100 months old (a bit over eight years). It's big, and perfectly balanced between honey and fruit, sparkling distinctive raunchy spice, and a dash of ginger biscuits. This is rye to die for. Superb. €53
