

Rough Rider Bull Moose

Rye

45%

Sourced whiskey, moved to used bourbon barrels, then finished in barrels that held their Pine Barrens whiskey (also reviewed this issue). Pine sap, sweet juicy berries, and oak aromas; had to re-nose to be sure on that pine. Mouth is relatively smooth, much more so than the Rough Rider bourbon.

Picking up some of that Pine Barren fudge, and a touch of rye grassiness. Finish is warm and spicy. A nice young rye.
