

Ninety 20 year old 45%

Tucked away in the small Alberta town of High River, Highwood distillers has made large volumes of Canadian whisky and dozens of other distilled beverages since 1974. Undaunted by recent flooding and with more than three decades of aging whisky on hand, the owners recently decided to emphasize premium whiskies. Ninety, the latest of these, is simply gorgeous. Crispy clean oak, dark fruit, butterscotch, corncobs, and nutmeg precede candy cane, sour fruits, cinnamon, ginger, and citrus pith. *(Canada only)* C\$48
