

Glenrothes Manse Reserve

43%

The youngest of the Manse Brae triumvirate, and also the freshest. Here is Rothes at its liveliest, with sweet cereal and the typical spiciness of the distillery undercut by citrus peels, dessert apples, and hot malted milk. On the tongue it is quite delicate, but it is how it behaves mid-palate which is the killer, just stopping and allowing the fruits to liquefy in the center of the tongue. Fantastic price as well.
