

Balcones True Blue 100
50%

Made from roasted Hopi blue corn. The nose says bourbon—sweet, corn, faint maple—but with big notes of stone fruits. It's lush.

Mouth veers off in another direction with floury corn, oaked complexity, an herbal component, like crushed stems of wildflowers, and cinnamon/allspice notes. The finish is suddenly mellow, with a seductive creaminess high in the back palate. Even at a young 50%, never really fiery. Wonderfully complex, and not over-oaked; beautiful stuff.
