

Brora 35 year old

49.9%

Maturation of this 1978 distillate has taken place in European oak and refill American oak casks.

Fresh and fruity on the early, herbal nose; a hint of wax, plus brine, developing walnut fudge, and an underlying wisp of smoke. Finally, wood resin. The palate is very fruity, with mixed spices, then plain chocolate, damp undergrowth, gentle peat smoke, and finally coal. Mildly medicinal. Ashy peat and aniseed linger in the long, slowly drying finish. Brora at its very best. (2,944 bottles) Editor's Choice
