

Buffalo Trace

45%

Light bronze color. Thick, mature aromas, with notes of subtle spice (vanilla, mint), toffee, light molasses and leather. Adding a little water revealing notes of teaberry, anise, and dark candied fruit. Pleasantly sweet at first in flavor, with notes of brown sugar and spice (vanilla, mint), becoming dry with enveloping flavors of oak and leather. With a little water, more subtle flavors are revealed, including toffee, dark fruit, and anise. The whisky finishes long and dry with significant depth. This is a big exciting bourbon, full of character from the distillery previously known as Ancient Age. The price is right too-if you can find the whiskey to buy it.
