The nose is slightly closed, all very delicate, with some hay-like aromas akin to harvest time. This gentleness allows sweet melon-like fruits to come through, alongside patisserie, icing, gentle vanilla, and an effect like Hedione, the 'smell' of sunshine. Rounded and very sweet, typical of the distillery, with a lightly drying effect similar to powdered icing sugar. It slightly loses it with water, so keep neat. A pleasant, straight down the middle Laddie.
