

## Mortlach Rare Old

43.4%

The introductory expression of the range shows a further example of the widening of the Mortlach style.

Stewed and dried fruits mingle with light earth notes, wet Labrador, supple shoe leather, and varnish. A drop of water is all that's needed to add a savory element and even some funky fruitiness reminiscent of cooking agave. The palate is big and chocolaty with some meat underneath. Hefty but elegant. The distillery character is not only intact, but enhanced. £55/500 ml

—Vol. 23, #2
