

Benromach 25 year old

43%

The oldest of the group, and it shows. When compared to younger expressions, there's less peaches and more citrus (lemon, tangerine). It is thicker on the palate-with notes of fat barley and crème brulee-before dry, resinous oak notes intensify. Dry, spicy finish. Not as even-keeled as younger expressions, but quite dynamic.

—Vol. 15, #1
