

**Compass Box The Peat Monster 10th Anniversary Special Cask Strength Bottling**

**54.7%**

As you'd expect, solid peat is the first thing out of the glass, but this isn't just a peat beast. Underneath are honey, dried fruit, and malt.

The palate is all about balance, with honeyed malt, raisin, and oak spice all complementing smoky peat. A lush mouthfeel makes you forget it's cask strength. A pure love note in a glass from Compass Box to Park Avenue Liquor. *(Park Avenue Liquor only)*
