

The Exceptional Grain

43%

The debut release from Don Sutcliffe's Sutcliffe & Sons, this small-batch blend of grain whiskies comes from several different distilleries including Loch Lomond, North British, and a 30 year old whisky from Carsebridge.

The blend is married in first-fill sherry casks, which brings bright fruit to a fairly light whisky with notes of blackberry, vanilla, honey, light oak, and iris. Quite good for a grain whisky blend, but falls just short of being exceptional. (*U.S. only*)
