

Catskill Buckwheat

Otay

42.5%

While it's not technically a grain, buckwheat makes great pancakes, so buckwheat whiskey? Otay! This has an earthy aroma of hickory nuts and autumn leaves with some cinnamon peeking through; reminds me of Corsair's quinoa whiskey. There's a cushioned, creamy mouthfeel, more raw nuts, a keen of oak, a sweet lift through the mouth, and at the end, the leaves and more oak. Unique, intriguing, compelling; I keep going back for one more taste. Price is per 375 ml.
