

Buffalo Trace
Experimental Collection
Twice Barreled
12 year old, 45%

Placed in a new barrel after 8 years and 8 months. Very spicy with an oak sappiness. Loads of maple syrup and corn sweetness up front, with the spice and some subtle lush fruit kicking in mid-palate. Leather and tobacco follow through to a very masculine, dry oak finish. While a very enjoyable whiskey, the dominant, hot, and lingering oak on the finish keeps me from scoring it as high as its siblings.
