

**Amrut PX Sherry Single
Cask #2702**

62.8%

The first of three Iron Dram single cask Amrut whiskies released for the European market. The *Pedro Ximénez* cask certainly has the upper hand here. Black cherry, dried cranberry, blueberry, and mixed peel mingle with apple peelings, baked pear, thick-skinned sultanas, and chocolate frosting. Tart piquancy to the fore on the palate, but it melts to show glacé cherry, baked apples, pear, and ground almonds. Water brings the childhood sweetness of old-fashioned Kola Kubes. Oodles of character. £77
