

Celtic Honey Liqueur

30%

Following in the footsteps of Bushmills Irish Honey, Castle Brands tries their hand at a light and sweet Irish whiskey-based liqueur. Strong clover honey dominates with caramel, vanilla bean, cinnamon, and a little ginger spice. Hard to get to the base whiskey through all the sweet notes, but that seems to be the point. Just short of cloying, this is a whiskey-based liqueur for those more interested in the liqueur than the whiskey.
