

Glen Garioch Wine Cask 
Matured

48%

This is the first expression from Glen Garioch to have been fully matured in wine casks, specifically *tonneaux de vin rouge* barriques from Saint-Julien in Bordeaux. The whisky was distilled on June 23rd, 1998, and spent over 15 years in the Bordeaux wood. Milk chocolate-coated caramels, crystallized ginger, and cranberries on the nose. Autumn berries on the early palate, turning to cough syrup, with rich malt and lively chocolate spiciness. Caramel merges with white pepper in the relatively long finish.

—Vol. 23, #3
