

**Lovell Bros. Georgia**  
**Sour Mash**

**47.5%**

Unaged. Richly sweet with corn,  
and a bit of new make funk.  
Replicated very closely on the  
tongue: alcohol heat, corn  
sweetness, wild flowers/stems,  
and faint notes of overripe fruit,  
with some drying minerality on the  
finish. Interesting where it's not  
clean; a balance of craft and  
cunning.
