

**American Born  
Moonshine Original**

**51.5%**

Lots of green notes in the nose of this mason jar variety of moonshine, including green apple, green bean, and wheat grass.

Strong brewer's yeast and cornmeal round things out in a highly aromatic nose. For the proof, the entry is remarkably soft and sweet, tasting like buttered cornbread. Fire and spice aren't far behind, with black pepper, white pepper, and charred Cracker Jack. Long, dry, and slightly hot finish with a hint of popcorn and green bean.

—Vol. 23, #3
