

**American Born Dixie
Sweet Tea Moonshine**

41.5%

This flavored moonshine smells like a mass of wet, used tea bags. Underneath is some faint lemon, honey, and black pepper, but it's hard to get to it through the tea. Entry is strong, oversteeped tea, which only gets stronger, more tannic, and more bitter in the mid-palate. Syrupy lemon honey tries and fails to balance this oversteeped mess. Finish is long, bitter, slightly hot, and unpleasant. Do not attempt to drink without copious amounts of crushed ice.
