

Angel's Envy Cask Strength (2014 Release)

59.65%

The third cask strength release and, like all Angel's Envy bourbons, this one is finished in port barrels. When compared to the standard bottling, this cask strength release is packed with more of everything. It's lush and palate-coating. Fruit forward too, with honey-coated cherries, sultana, ripe peach, pineapple in syrup, peppered with clove and vanilla, and wrapped in a silky smooth finish. This whiskey pushes the envelope of port finishing.

—Vol. 23, #4
