

Michter's US*1 Toasted Barrel Finish Bourbon

45.7%

After regular bourbon maturation, this is finished in a barrel made from toasted wood with no charring (and no age statement). The wood character of the nose is restrained; corn, vanilla, some nuts and light citrus, but just a light hint of oak spice. Complex mouth: corn pudding, cornmeal, sugar cookies, caramel, pawpaw, jackfruit, and a real creaminess that stretches into the finish...where we get the delayed oak. Mature whiskey smooth, young whiskey lively, and a good price, too. Sourced whiskey.

—Vol. 23, #4
