

**Mackmyra Moment  
Malström**

**46.4%**

Mackmyra has used 30-liter casks held underground in the Bodås mine, the archipelago repository on Fjäderholmarna, and the forest repository in the Whisky Village in Gävle. Bruised banana, ground almond, Horlicks, spearmint, and budding foliage characterize the nose. The fruity whirlpool of flavor includes apple, watermelon, and poached pears, a second wave of dried fruits and fudge, all anchored by a clean edge of Kendal mint cake. Bubblegum on dilution. A final rush of coffee/cocoa before a sweet, juicy finish. €130
