

Port Charlotte PC12

58.7%

Distilled in 2002, here's Port Charlotte with an assured maturity. Amber in color, with some smoke and a pleasing whiff of cowshed (sweet hay and cow's breath), before rosehip syrup and ozonic freshness. Water brings out incense, cream, even a little nuttiness. The palate is gently complex; a drop of water is needed to calm the heat and reveal the smoke that interweaves between the layers. It retains its fresh acidic finish, with nutmeg, soft lemon, and pear.

Excellent. £110

—Vol. 24, #1
