

Redemption Barrel Proof Rye (Batch 1)

61%

Redemption repeats their barrel-proof MGP-sourced 95% rye, now at 7 years old. Has a year significantly changed last year's 90-point outing? Oak is more subdued and the pepper floats on sweet, light caramel. It is still quite nice at full-bore, no water needed. Sweet vanilla and bitter rye oil blend surprisingly well; this is hitting the bells, and it's better integrated. Big, swaggering, and sporting big-barrel maturity. Can go toe-to-toe with almost any rye out there.
