

Crown Royal Single Barrel Whisky

51.5%

This jaunty, rye-forward whisky from a mash of 64% corn, 31.5% rye, and 4.5% barley malt was distilled in an arcane Coffey still and spent seven years in new oak barrels. Flavors vary remarkably among barrels making each of these single barrel bottlings unique. This one exudes sweet floral perfume, vanilla, oaky tannins, sweet and sour sauce, spices, and basket loads of tropical fruits, all centered on soft banana candy. A long spicy, velvet tannin finish. *(U.S. only)*

—Vol. 24, #1
