

Navazos-Palazzi Grain
Single Palo Cortado
Cask
53.5%

No age statement on this grain whisky made from Spanish corn and aged in Palo Cortado sherry casks. Whereas the Navazos-Palazzi malt captured the richness of the sherry, the grain seems to pull the more acidic and dry qualities. Here it's dry sherry, coffee bean, brown sugar, and white pepper. Much hotter and drier than the Navazos-Palazzi malt, it explodes with heat and spice. This grain whisky was probably never meant to be consumed unblended, and it shows. (*U.S. only*)

—Vol. 24, #1
